Willow class are lucky to have the first turn in forest school with our lovely teacher Jacqui and even more lucky as both of the Monday sessions so far have been beautifully sunny and warm!

This week at forest school we...

...tie-dyed with natural ingredients (blueberries for purple dye and spinach or peas for green)...

...made some apple juice by chopping the apples with a crusher and then squeezing the juice out of the pulp with a press. We used apples from our own Gravenhurst apple tree. We only got a tiny amount of juice each but it was delicious!

...made dens, dismantled the dens and made them again.

...had fun in the hammock.

And played with soft woodland friends.

This week the **Special Awards** go to:

Willow Class: Evelyn

Oak Class: Travis
