The wonderful Willows had a fantastic time at Mountfichet Castle.

During the trip we saw lots of medieval houses, weapons, battlements and armour. The castle was very impressive, they even had a fire pit which made it quite smelly.

One of the highlights of the trip has to be the animals. We were able to feed goats, chickens, birds and deer. The animals were extremely friendly and I'm sure they would have helped us eat our lunch too.

Everyone who went along, adults too, said it was the best trip ever!

We are so grateful to 'FROGS' for helping us to fund this trip.

Parents: Please remember to pay for the panto before 10th December.
