

Our Value this month is **Appreciation**

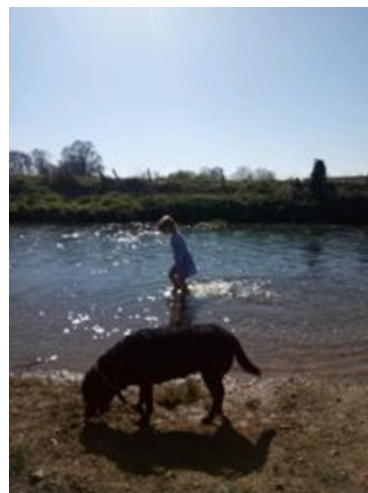

In Willow Class they have been enjoying the story 'Leaf' By Sandra Dieckmann. The children have done some fabulous writing. They have been imagining they are the main character of the story, hunting for verbs, adjectives and nouns and also thinking about the strong environmental message within the story.

They have been working on posters to inform people about global warming and how they can help to save our planet.

Rising to challenges to generously support NHS charities .
This is amazing.
Well done!

It is great to see everyone has been enjoying the sunshine and going for walks!

I am sure everyone is thankful for the weather we have been seeing!

Parents – Thank you all who made a card for Captain Tom's birthday!
