26th Feb	Gardening club resumes
27th Feb	Bedtime Stories Launch (Dress up in PJ's Day)
5th March	World Book Day
7th March	Quiz Night- PTA Fundraiser

Acorn class have had a wonderful and busy week with the continuation of our topic DINOSAURS!

Phonics

Our morning learning has involved learning the new phase 3 sounds 'or' in horn and fork and 'ur' in fur and hurt. The children have been introduced to the actions, recapped how to correctly form the letters and practiced reading and writing words using these sounds. As always, they have been phonics superstars and have taken on board these new sounds and they have produced some excellent work.

Maths

In Maths we have continued with our exploration of numbers 6,7 and 8 looking at the composition of these numbers, odd and even numbers and exploring double! The children have made some beautiful double butterflies to help them with their understanding of what happens when we double a number!

Our afternoon sessions started with a continuation of our Dinosaur Dance.

This weeks focus was exploring movement on different levels, we went on a dinosaur adventure and the children were fantastic at showing movements as we moved through the adventure story to find the fossils. They spotted dinosaurs, hid from them, worked their way through swamps and even had to jump into the water and swim. Later in the week the children got creative and made their own Dinosaur small world boxes, using different craft items to make their scene – how fantastic do they look!

The children have thoroughly enjoyed sharing dinosaur items from home in show and tell and they have listened to and joined in with a variety of dinosaur stories too!

This week the **Special Awards** go to:

Acorn Class: Freyja

Willow Class: Meadow

Oak Class: Nicholas
