Sublime Science workshop at Campton Academy. This was an absolute hoot! What a fun, engaging way to learn Science. Just see the expressions on the children's faces!

D&T project 'Moving Monsters'. We explored pivots, levers and linkages and created our very own moving paper monsters. Roar!!!

We also enjoyed Comic Relief and wearing something red! Thank you for your donations for the good cause.

And finally, a special thanks from all the teachers to the parents who attended parents evening: your hard work makes such a difference to your children's education and we are so very thankful to have such supportive parents!
