We had great fun practicing our dribbling, passing and shooting.

In Science our topic has been Electricity and we have been making circuits and switches to light the bulb. We have also been looking at which materials are good conductors and insulators of electricity and electricity safety.

We have used what we have learnt in Science to make torches and used our circuits to make our torches light up and a switch so they can be turned on and off.

We have had another fantastic Roman shield!! Wishing everyone a lovely Easter Holiday!

This week the **Special Awards** go to:

Acorn Class: Arlo

Willow Class: Jack

Oak Class: Celeb
